Clark Synthesis Minimum Advertised Price Policy:

Clark Synthesis, Inc. created the Tactile Sound experience and continues to manufacture the highest quality tactile sound products in the world. Clark Synthesis has an excellent reputation, with a loyal customer base, and is dedicated to maintaining its reputation. To this end, we have established minimum advertised pricing for all Clark Synthesis products. This policy applies to all dealers and distributors worldwide.

Clark Synthesis will discontinue selling products to any retailer, dealer, or distributor who advertises any prices for Clark Synthesis products below the minimum advertised price (MAP). This includes advertising in print, on the radio, on television, on the Internet (including any click-through or shopping cart pricing), or any other electronic medium. The inclusion of a free or discounted product has the effect of discounting the advertised price below the MAP.

MAP Pricing applies only to advertised pricing and does not affect the actual sales price at the retailer's location or over the phone. MAP is not a maximum advertised price. Products can be advertised at any price above MAP.

Clark Synthesis will not seek or accept any retailer's agreement with this policy. Intentional and/or repeated violation of this policy will result in termination of dealership or distributorship agreements. We do not provide prior notice for such actions.

The purpose of this policy is to protect the interests of Clark Synthesis, Inc. and its dealers and distributors.
